E. Structural Foam Tilt Trucks

For general refuse collection and light to medium materials handling. Fits through standard commercial doorways and onto elevators easily. Inset, mark-resistant casters roll smoothly over thresholds and rough surfaces. USDA MEAT and poultry equipment compliant. Black. ¾ cubic yard, 64½l x 30¼w x 38h.

No.	Capacity	Shpg. Wt.	Each
◆RCP 1011 BLA	600 lb.	92 lbs.	
◆RCP 1013 BLA	1,000 lb.	101 lbs.	

The EPA estimates that there are 136 million tons of construction and demolition debris generated in the U.S. annually, or 2.8 lbs./person/day. If your building is undergoing any kind of rehabilitation or construction, keep in mind that there are many government organizations and recycling facilities that will assist you with recycling or reusing excess materials and some kinds of demolition debris. You can be the one that makes these materials available for reuse and keep them out of our landfills and waste streams.
